27F650T

27" (Diagonal) TruFlat™ Stereo Television with Advanced Colorview Processing

Features	Benefits
TruFlat™ Picture Tube	Reduces peripheral screen reflections & glare by over 60% compared to standard tubes. Offers a wider effective viewing area from any angle. Detail clarity adds realism.
Rear AV input options include 2 sets of Component Video (Y Pr Pb), plus one rear set of L+R+V or L+R+S-Video. A 2nd rear L+R+V can substitute for one Y Pr Pb input.	Multi-inputs allow improved grades of performance, connecting up to 4 stereo devices, with the front AV. Audio output control is selectable as fixed or variable.
Advanced ColorView Processing	Three video processing systems are combined with TruFlat performance to yield a dynamic synergistic field for outstanding realism.
Premium Audio Package	Enhanced audio package includes ultra low-distortion pre-amp w/ on-screen bass, treble & balance controls; 5w/chan stereo amplification & matrix expansion option.
Front side AV input allows L+R+V with stereo headphone jack.	Easy front side panel allows hook-up for digital camera or camcorder, and a stereo headphone jack is provided.
Sound Logic™	Provides consistent volume levels throughout programming & channel changes. Eliminates annoying "blast" of sound during some commercial breaks.
Wide Band Video Amplifier	Premium-engineered chassis includes high-resolution performance-grade video amplifier for improved picture quality.
